CHOPPER CRASHES INTO LAKE

A chopper from the Dominion Helicopter Service crashed in Kushog Lake on Tuesday morning, July 26, with two persons aboard. John Busky the pilot was released from Hospital on Tuesday with minor cuts and bruises, while passenger Percy Cassidy from Minden, and of the Department of Lands and Forests, received cuts and bruises, and is in Minden Red Cross Hospital. Mr. Cassidy is recovering, and expects to be released in a couple of days.

Mr. Cassidy told the Progress that they were out investigating a forest fire, and while circling low struck a Hydro line. The Helicopter flipped up side down and landed in the Lake, breaking the glass dome. It was from this position that both the pilot and Mr. Cassidy escaped.

Boy Scouts from the Northern Lights, a boys camp on the Lake came out to the rescue and took both men, who were standing on the pontoons, into shore by boat.

The Helicopter has been recovered from the Lake, and the Department of Transport are investigating.

OPEN AIR MEETING

The Open Air Campaigner's from Toronto will be giving a program of instrumental music at Minden this Saturday evening, July 30th from 8 to 9 p.m.

Be sure to hear this visiting group.

COMING EVENT

Bake Sale and Bazaar at Minden, August 20th, 10 a.m. to 2 p.m. All ladies groups are invited to donate to this event, it is part of a major fund drive for retarded children.

Phone 105 Minden for information.

LAST NIGHT, TONIGHT - ROTARY CARNIVAL

MINERS BAY — GULL LAKE PROPERTY OWNERS HOLD ANNUAL MEETING

The Miner's Bay — Gull Lake Property owners Association annual meeting was held Saturday, July 23rd. A large group of members and invited guests filled all available space in the Lloyd Cottage where the meetings have been held for the past few years.

Rports were received covering Lake levels, water purity, fishing conditions and other relevant subjects.

The association has continued its efforts to keep Gull Lake clean and pure and from reports of water samples taken at regular intervals it would appear that there is some improvement in the condition of the lake in general.

Unfortunately some E Coli is still present in some locations.

It was reported that Large mouth Bass were being caught in increasing numbers with fewer of the Small Mouth variety. Rock Bass which were unknown in Gull Lake until a short time ago seem to be multiplying rapidly and may soon become a real nuicanse. The toll of Lake Trout taken by Ice fishermen in the winter was also commented on and the results are being felt this summer with fewer Lake Trout being caught and those taken are smaller in size than in past years.

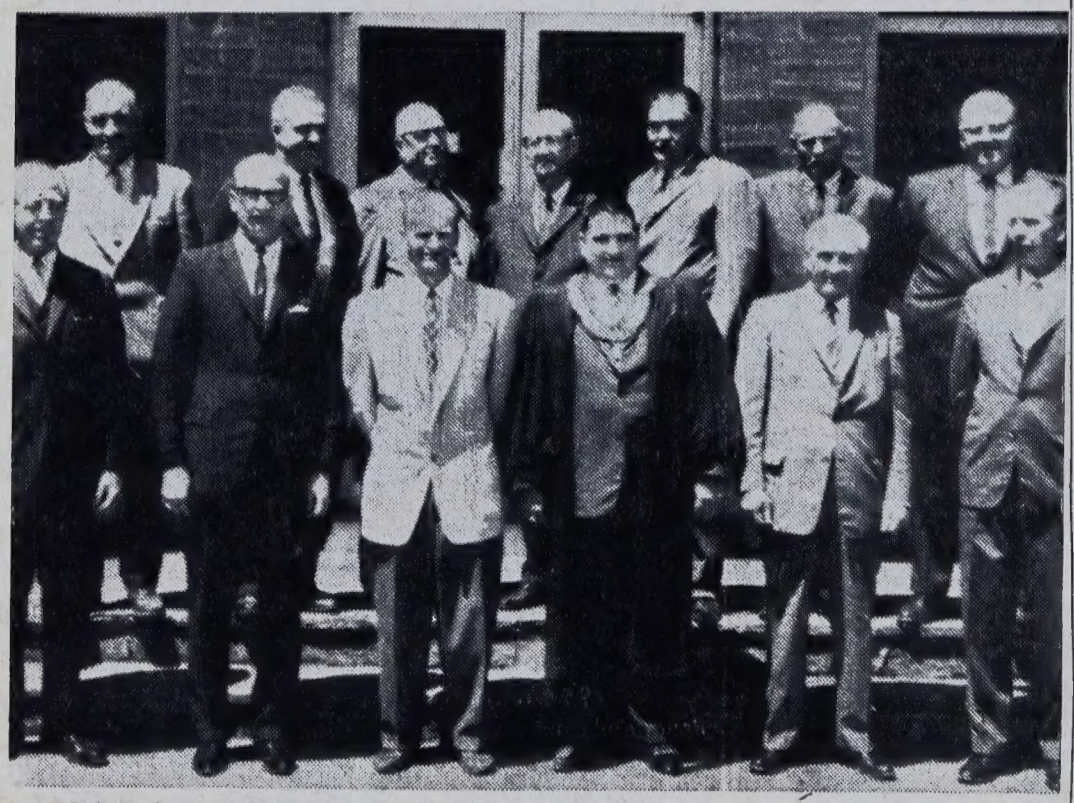
The feeling was that Ice fishing should be banned.

The mounting Tax Rate also came in for considerable criticism As one member expressed it, "Without the Tax revenue from the cottagers the Township would be unable to carry on, yet the average cottage owner gets virtually nothing for his money."

For those who missed the Rotary Carnival last night, they can still get in on a full nights entertainment tonight, (Thursday).

Last night kicked off this years edition of the Rotary Carnival, and it was a smashing success. Some three thousand people were in attendance, and were entertaind throughout the entire evening. The stage show of Bateman and Kay was the big feature, and certainly is well worth viewing tonight, for their second performance. Ervin House, chairman of the parade deserves all the bows, for this years parade was the best ever. Ervin said, "the credit goes to all those who entered the parade, and supported the Rotary Club, to help make this years carnival such a success".

Tonight will feature another fun packed night of entertainment, the games will be in full swing, along with the boat and motor draw. Outside there will be the pony rides and the musical rides for the children. Don't miss all the fun tonight at the Carnival.



While County Council took a breather at the last county meeting, the Progress managed to focus in for a picture, on this governing body. Back Row from L to R:— Orville Hicks, Alex Hewitt, Frank Welch Clerk, Mr. Magill, Mr .Tanner Bill Cowen, and Charles Brandon, Reeve of Anson Hindon and Minden.
Front row:— Roy Brohm, Walter Hobdon, Bob Beeney, Gary Agnew Warden, Mark Vasey, and Art Locke.

Here and There

with

FENWICK FINCH

Well, that week's vacation went by quickly.

* * * *

Lasst Sunday I was invited out to dinner — all expenses paid — that's the only way to go. My friends dropped in and we ended up at Gelert Gardens a real fine place to go.

This establishment is a credit to Haliburton County. The service is excellent and the food we had was cooked to perfection. Operated by Jean and Syd Jennings they have more than succeeded in building up an enviable reputation.

After finishing the Chicken Chow Mien I thought the least I could do was go through the motions of picking up the check. So, I reached for it saying, "Here let me have that —" and darned if he didn't.

Sitting there after this set-back I lit a cigar and drank another cup of coffee (10c per cup, by the way.) and pondered my fortune that I had just taken out of a "fortune Cookie" After what happened to me I found it hard to reconcile — my fortune? "Prosperity and success soon."

* * * *

Enjoyed reading Doreen Stinson's letter. I can only point out that they are in the same boat as Don Nye — your local newspaper is the best way of letting the public know what is going on. By writing to the editor and making use of this news media any project you have on the go is bound to be more successful if more people know about it.

* * * *

Speaking of service in a restaurant. I was looking through a column in the Telegram a week or so ago when I was amazed to read the following. "I'm always perplexed when I enter a near empty restaurant and find myself seated at perhaps the only recently used and not reset table, while all around other tables stand fully furbished and waiting." the writer goes on in this vein for another two or three paragraphs — bemoaning the fact the service was second rate — then, suddenly, "— at last, I must confess, I was recognized (it happens from time to time, but not as often as most people suppose) and from there on the service was fit for the Aga Khan. But it was a bit late."

The writer spoke the truth — for the rest of the time the poor, restaurant owner couldn't have served a piece of toast that would have met with this fellow's approval. However, it serves him right — if there is two types of service — one for ersatz celebrities and another for the "common man", then this restaurant deserves everything they get.

To Ronald Evans — "Your thin skin is showing."

* * * *

The coffee cartel is still in operation on the main street. However, a statement by Theodore Roosevelt may apply here. This statement was made April 14th, 1907 and may still apply.

"Men with the muck-rake are often indispensable to the well-being of society, but only if they know when to stop raking the muck."

* * * *

So, that takes care of the "Coffee".

Latest member of the Finch Coffee Club, Jack Thompson of Kinmount — the membership was taken at Leon Wright's Restaurant in Kinmount.

Drive carefully — watch out for the "City Drivers" they pop out from everywhere — you'll live longer that way. See you next week.

FOREST FIRE PREVENTION IN HALIBURTON

Every year thousands of dollars worth of valuable timber is destroyed by forest fires. Sometimes these fires are a result of natural causes but more often they result from the carelessness of persons not impressed by the danger of dry summer weather in heavily forested areas, such as we have right now here in our county.

Cigarettes, matches, and campfires are, of course, the prime activators of forest fires. A cigarette or match landing in a clump of leaves or dry pine needles will soon burst into flames which spreads at an alarming rate in a forest dried by the summer's sun. Likewise, campfires which are not laid on a wide patch of cleared land or which are not properly extinguished after use, will quickly cause the dreaded forest fire.

Cigarette butts should be squashed in the earth, not in leafy ground. Better still, they should be extinguished in some water. The same precaution should be taken with matches which, for extra protection, may be broken in two after they are put out. In addition, campfires should be drowned with buckets of water, then covered with earth.

Also, campers and picknickers should take care that they do not leave broken bottles in recreation areas. Sunlight becomes concentrated by broken glass and can kindle twigs or leaves.

Above all, holidayers should heed forest fire warning signs placed at the entrance to parks and recreation areas. These signs will show if the chance of a forest fire is very small or very extreme, so that holidayers will know when they must exercise special care.

If these necessary precautions are taken, the occurrence of forest fires will be greatly reduced. The lives of birds and other wildlife will be saved and valuable property and parkland rescued from the onslaught of the flames.

LETTERS TO THE EDITOR

July 14, 1966

Dear Sir:

I feel that the time to stop "No Deposit - No Return" bottle litter is now before it starts. It would seem to me a simple matter to tax them out of existence in Haliburton County. A tax of 2c per bottle for every No Deposit bottle sold in the county should quiet things a bit.

This tax should be collected at the source - from the bottler - and shown on every invoice to a County store. Possibly the above suggestion would not be legally enforceable, but I am sure that any store in the district selling "No Deposit-No Return" bottles could have its tax assesment raised five or ten per cent to compensate the county for the expense and nuisance these bottles will cause. In short, make it unprofitable for the dealer to handle this merchandise.

Sincerely,

Philip H. Sturge

July 15, 1966

Dear Sir:

On behalf of the Kinsmen Club of Minden, I would like to apologize to our many Bingo fans who were dissapointed when Bingo was cancelled two weeks ago. Owing to the busy summer work schedule of most of the members it was decided that we cancel Bingo until further notice. We would like to thank our many friends and customers for their support in the past, and trust you will all buy a ticket on our Summer "Honda" draw.

Remember you meet the nicest people on a Honda.

Thannk You

HOCKEY RETURNS TO MINDEN?

LETS GO SKIING

W. W. CHERRY

"SINK OR SKI"

Most of us at one time or another have, I am sure harbored a secret urge to ski. It may surprise you to know that practically anyone can. It gave me great pleasure to read a while ago of a chap in B.C. who has an artificial leg, but insists on jumping into his skis and riding over a six foot ski jump only to ski away like an expert.

The obvious pre-requisites of skiing include a life jacket or "ski belt", and the ability to swim reasonably well, but other than these one needss only skis, a rope and a tow boat.

For a beginner the golden rule is to "let the boat do the pulling". So often a skier comes out of the water, pulls in his arms and falls over backwards. On the other hand if one doesn't resist a little he may fall forward.

On learning any new trick on skis it's always helpful to try it on land first. So let's go out in the yard or up on the beach and put those skis on. Held it! Leave those harnesses snug — don't worry, the skis will come off if you fall in the lake. If it is hard getting your foot in, try wetting the harness. Now put your skis about 8 inches apart, and sit down on the back of them. Take the tow bar in your hands and have some one pull you to a standing position, leaving your knees slightly bent, and your arms straight.

Now do it again, and don't bend those elbows. OK? Then try it in the water but make sure dad doesn't start that boat as if he's in a drag race. Have him go slow unil the rope is tight, then speed up gradually. The trick here is to be smooth on the acceleration. Wait! Where's the shotgun rider? The driver has to drive so he can't spend much time watching you. Let's have a rider in the boat for that. He can tell the driver when you fall. A smart skier always waves after he falls to let the boat driver know he's OK; if he doesn't wave the driver will get back to him in a hurry.

Oops! In last week's "How to Ski" I mentioned a local ski tournament in August. Well, by now I suppose you know the date wasn't Augusts, it's July 23rd. Look for the posters in town. It's at Matabanick Inn, just three miles north of Carnarvon, and it's just for you. All you have to do is to be able to ski.

Hospitality Inn will present the third edition of Skitacular "66" on the 14th of August. The admission is only $1.00 for adults and 25 cents for kids. So if you want to see some good skiing, drop out to Hospitality Inn. The show features, barefoot skiing, trick riders, kites, jumpers, and clowns in a breathtaking display of water skiing at it's finest.

Next week "Tricks A Go Go" tells of basic trick skiing that you can do.

"SKI TIPS" —Two in the boat for safety afloat. It is now law that when skiing, the boat must have a driver and a watcher.

MINDEN PROGRESS

The Sports Beat

with Rob Robinson

Will Intermediate Hockey return to Minden or even Haliburton County this fall? This is a question that is in the minds of many citizens from Minden and Haliburton. With the construction of artificial ice in Haliburton there is the definite possibility that Haliburton County will ice an Intermediate Team.

There are many problems that arise in development of such an organization, the main one in this area of course is a league to play in along with obtaining the Personal and finally the Sponsership and Financing. The former is a problem that has existed in Haliburton County for years and probably will exist for many more.

The days are gone when Hockey fans will sit in 0 degree temperature and Witness such a contest especially with the comfort of Saturday evening N.H.L. At times in the past the slaughtery of our National Sport has been utterly disgraceful. The support at the gate has been most disappointing and all and all each year has been regarded as being tremendously successfull however terribly dissappointing.

With this apparent new interest in Intermediate Hockey, August and early September appears to be the logical time to lay the foundation for this coming season. If and when there is a Intermediate Club, "Please" bring us Clean Hockey, bring us Entertaining Hockey and above all bring us Hockey!

Footnotes: Suggestions or ideas in regards to an Intermediate Hockey Club would be appreciated and should be mailed to the Minden Progress.

The Minden Merchants have continued in their winning ways by taking their last 5 ball games while admitting only one loss.

Al McMullon's "Nutty Golf Course" at Hospitality Inn has to be the greatest! Who but Al would have the only 10 hole, 9 hole course in Canada. The only vertical green, the World's deepest hole and the World's wettest hole. Sound like fun, it is, and the Green Fee for 18 holes is only $1.50.

Well its almost official, the Beaverbrook Golf Course will be holding a tournament in August or September. The only problem is what chance will the "Hackers" have against the old pros namely "Champagne" Doug Heath and "Slammin" Dave Sawyer.

RECORD VALUE FUR HARVEST

Between November 7, 1965 and April 30, 1966, the 541 trappers in this District took an estimated $202,000.00 worth of raw fur. Strong fur prices and moderately high catches resulted in the most valuable harvest in over 15 years. The beaver catch alone accounted for $112,000.00.

Beaver numbers may be declining from the record peak of recent years. It is believed that beaver numbers in the District were at a higher level than at any other time since the white man first came to Ontario.

Over the past 15 years the catches of fisher, lynx, marten and otter appear to be increasing. The catch of most other fur-bearing species fluctuates widely.

The total reported catches of various fur-bearers are: Muskrat 32,915; Beaver 7,218; Raccoon 1,478; Mink 1,114; Fisher 369; Otter 140; Red Fox 122; Marten 117; Weasel 109; Lynx 22.

JULY — SALAD WEEK IN SALAD MONTH

In this special "salad week in salad month," why not experiment with new varieties of salads? Raw vegetables such as potatoes, turnips, carrots, asparagus tips, young peas or cauliflower tips will add zest to your salad menue. Combined with the leafy greens commonly used, they will provide your family with a valuable source of proteins, vitamins and minerals.

SEWAGE PROJECT SHOULD TAKE PRIORITY — DYSART COUNCIL TOLD

..... At this weeks meeting of Dysart council in Haliburton, Deputy Reeve Walter Hobden asked the clerk if he had received a copy of the OWRC report on the pollution of the waters of the Drag River and Head Lake. Clerk Wayne Wood said he had not received a copy of the report, and had recently written the department asking what was being done with regard to sewage and water in Haliburton.

The Deputy Reeve said copies of the report had been mailed to the Medical Officer of Health and other parties, and said that the accompanying leter indicated a copy had been mailed to the clerk of Dysart.

Deputy Reeve Hobden left the council meeting and returned with a copy in which the following statement is included: "While the village has a definite need for both water and sewage works, it is possible that a municipal sewage works programme should take priority if the financial status of the municipality will allow only one project".

In August, 1965 à large group of Dysart municipality businessmen approached Dysart council regarding sewage and a water system for the village of Haliburton.

FIRE DANGER RATING — VERY EXTREME!

At present four small (less than one acre) fires are under control in Anstruther, Cardiff, Cavendish and Monmouth Townships. A recent Darling Township fire covered 150 acres. To date a total of 41 fires have been extinguished in 1966, reports the Department of Lands and Forests. All but two of these fires were caused by human carelessness.

ANGLING STUDY

The Department of Lands and Forests are asking all fishermen to report on their fishing trips using the "Fishing Data Report" prepared by the Ontario Federation of Anglers and Hunters and the Carling Conservation Club.

Forms may be obtained from sporting good dealers, licence issuers, resort operators, Conservation Officers or by writing to O.F.A.H., Box 600, Willowdale, Ontario.

Minden Nursery School Opens In September

The Minden Nursery School Association is pleased to announce that the Minden Nursery School will begin its second year on Tuesday, September 6th, 1966 for the school year 1966 - 67.

The teachers are most important for the continuing success of the nursery-kindergarten programme at the Minden Nursery School. Mrs. Denzil Cox, Minden, has been contracted as teacher-in-charge. She comes to us well qualified, holding a Permanent First Class Elementary Teaching Certificate. Mrs. Roy Colliss, Mrs. Elgin Stouffer, L. Mus., and Mrs. Nelson Ward are bringing their talents with them to assist Mrs. Cox in giving the pupils an enriching year.

The school will be held on Tuesday and Thursday mornings from 9:15 to 11:30 at St. Paul's Anglican Church. Children four years of age as of December 31st, 1966 and not enrolled in Public School will be eligible. Preference will be given to children five years of age as of December 31st, 1966.

The Minden Nursery School Association wishes to thank all those who helped make this past school year a most successful one. In the next issue of this paper, there will be an article giving information on our nursery-kindergarten programme. It is our hope that many children will be given the opportunity of benefitting from this enriching pre-school adventure.

The Minden Nursery School Association

To apply for enrollment for your child, please fill in the following application form and send it to Mrs. Goldie Walker, Minden, Ontario, before August 15th, 1966.

LARGE CROWD AT HALIBURTON CARNIVAL

Ideal weather conditions drew a large crowd to the annual Haliburton Royal Canadian Legion Carnival last week end.

Crowds lined the street to watch the parade which proceeded down the main street to the Cenotaph for a wreath-laying ceremony.

The parade returned along the main street to the Legion hall, headed by the Haliburton Legion Band, members of Branch 129, Haliburton boy scouts, floats and the Bracebridge Pipe Band.

Two stage shows were presented at the arena by a variety group from Toronto. At 3.30 p.m. an RCAF fly past was held to salute the Carnival.

The parade was in charge of Lloyd Baker of Haliburton Legion.

NEW CAR WRECKED

A Scarboro man escaped with only minor injuries when his 1966 car was totally wrecked after it crashed near the Victoria-Haliburton county line on Highway 35 last week.

Minden OPP said the car, driven by 39 year old Bruce A. Cumins, crashed after the driver lost control while attempting to negotiate a left curve.

Police estimated damage to the car at 2,500.

Minden OPP Constable Dean Elliott investigated.

HALL'S LAKE NEWS

OBITUARY NOTICE

Arthur Welch of Hall's lake passed away at the Ross Memorial Hospital, Lindsay, Thursday, June 30th, 1966, in his 62nd year, following a lengthy illness. Mr. Welch leaves to mourn his passing his loving wife Hazel. Two sisters also survive — Minnie, Mrs. Arthur Hewitt of Peterborough and Mrs. Edith Russell of Hall's Lake. A sister, Mrs. Amy Cooper and two brothers, Charles and Harry predeceased him.

A large funeral on July 2nd from St. Stephen's Church at Boskung attested to his popularity and his sincere desire to help others in his many years in business at Hall's Lake. Relatives and friends gathered together from Kirkland Lake, Cannington, Beaverton, Orillia, Kirkfield, Coborne, Peterborough, Fenelon Falls and Toronto. Pall Bearers were close neighbours and friends from the area.

Arthur will be much missed by all who knew him and the sincere sympathy of the entire community goes out to his wife and sister at this time.

JULY AND AUGUST WATER SAFETY

Canada has a wealth of lakes, rivers and seashores and also an abundance of drownings. Increases in the yearly number of drownings can be prevented if every person will exercise measure of care in his water sports.

Swimmers are reminded to seek instruction from qualified teachers and to learn the basic techniques of life-saving. At no time should persons swim when overtired or directly after a meal. In addition young children, especially, should be provided with life preservers when they are playing in or near the water. These and other precautions will issure a safe and pleasant season for every swimmer.

Life preservers are essential, too, for water skiers and for boat operators. It is wise to be prepared for tumbles which on the water may happen unexpectedly. In addition, boat operators will find an excellent guide to the safe operation of watercraft in the booklet entitled "Safety Afloat", available free of charge from the Department of Transport in Ottawa or from any customs officer or R.C.M.P.

When all is said and done, water safety is a matter of common sense — the common sense which saves lives.

Walter Safety says, "Wear a government-approved life-jacket when water skiing. The law says—have a lookout man in your tow-boat and ski only from sunrise to one hour after sunset."

LOCAL YOUTH IN ACCIDENT: KENDALL GIRL 14 KILLED

A 14 year old Kendall girl, Brenda Hoy, was killed when the car in which she was a passenger was in collision with a gravel truck driven by 18 year old Garry McKnight from here, near Bowmanville.

Provincial Police at Bowmanville said the driver of the car, William Hoy, 40, father of the girl who was killed was hospitalized at Bowmanville hospital with injuries received in the crash and other passengers in the car sustained minor injuries.

Police said Garry McKnight also sustained minor injuries.

Police said the accident occurred on Richard's Road, northeast of Bowmanville about 7 p.m. Tuesday July 19th.

WHICH GIRL DID YOU SEE FIRST???

Actually, it's the same girl in both pictures but she's much easier to see in a white sweater which stands out against the darkness than she is in a black coat. Pedestrians who wear something light-coloured at night are safer because they can be seen more easily by drivers. In the bottom photo the girl is taking additional risks by walking on the roadway when there is a wide shoulder available.

New Golf Course On Horseshoe Lake

A new golf course was opened July 1st. on Horseshoe Lake. This course is owned and operated by Dave Shuyler, who is not a new face in Haliburton County. Dave has taken over from his father, Mr. Andrew Shuyler, who had worked many hard hours on the course over the last five years, prior to his passing last year.

The course is named the Blairhampton Golf Club. It is a nine hole course, well layed out, and is a test of skill for the golfer.

This golf course features irrigated greens and fairways, something new for this county.

Like any new golf course, it still requires a little more work. The job of making a piece of land into a fine course is no easy task, and it takes time. Mr. Shuyler, however, is doing the necessary things, with the golfer in mind, and will not be content till he has a first rate course.

The course is of good length, with 2,904 yards of rambling fairways, in a beautiful setting. Par is set at 36 strokes, but, for the duffer, like on any course, might have to take 136 strokes.

Drop out and see Dave, and give the course a try, it is situated on Horseshoe Lake, RR 1 Minden.

Barry Reive, a summer resident here in the Highlands is pictured above showing some good form, as he tees-off on the first hole at the Blairehampton Golf Club. On completing his round of golf, Barry commented that the course is a good test of skill for the golfer.

Pictured above is beautiful Gull River, It is this same river that adds much to the beauty of Minden. Through these past hot weeks is has been used consistently by bathers. At the town dock the swimming classes have been held each day, with Rick Harding in charge. The river has other good assets, such as boating and fishing. Pictured in the photo are acouple of fishermen trying their luck to capture one of those large speckled trout, which are reported to be in the river, some say these fish go as high as 6 and 7 pound. The Water Ski show staged yesterday afternoon, by the Boskung water ski club members was a first for Minden, and it was very successful.
